

# BDO AVIATION FINANCE

PROFESSIONAL SERVICES TO THE  
AVIATION FINANCE INDUSTRY

## WHY IRELAND?

Ireland is considered the birthplace of the aviation finance industry, beginning with the foundation of Guinness Peat Aviation (GPA) in the 1970s. Ireland is now firmly established as the leading global hub for the sector.

Nine of the world's top 10 lessors are headquartered in Ireland and more than 50% of the world's leased aircraft are owned and managed from Ireland.

There are a number of reasons why Ireland is the global leader in the aviation finance sector including:

- Excellent talent pool with specialist skills
- Flexibility in financial reporting
- Strong regulatory and government support
- Signed up to the Cape Town Convention
- Business friendly environment
- Favourable Tax Regime including:
  - Low corporation tax rate of 12.5% for profits of leasing trade
  - Extensive double tax treaty network consisting of 74 signed treaties (of which 73 are in effect), the majority of which provide for zero or reduced withholding tax on lease rentals
  - Tax depreciation for aircraft over an 8-year period
  - No withholding tax on lease rental payments
  - On-shore location – member of EU and OECD
  - Wide range of exemptions available from withholding tax on interest and dividend payments
  - No stamp duty or transfer taxes on the transfer of aircraft or aircraft parts
  - 0% VAT on international aviation leasing.

## WHY BDO?

Aircraft and aircraft parts are, by their very nature, high value goods, and consequently subject to complex and complicated regulations.

BDO have been providing financial services to the aviation industry in Ireland since the 1980s. What makes us different is our investment in the processes, systems and above all the people in our aviation finance advisory team.
